# THE STATE CAPITAL.

The Comptroller and Corporation Counsel of New York.

BILL TO MAKE THE OFFICES ELECTIVE.

An Bifert to Keep Green in Office-The Grent Majority Opposed to Him.

ALBANY, Jan. 22, 1874. It would seem as though the Legislature of 1874 was determined to make the session a short one by nothing more nor less than doing nothing at all. oth houses to-day occupied themselves in con-dering all sorts of motions and bills which the copie of New York city especially, and the people of the State at large certainly, have no particular est in. However, it may be said that the bil i oncerning the election of Comptroller and Core rather important in view of the present condiof political affairs in the metropolis. The bill as introduced by Mr. Leake, who thinks he is a epublican. It is a very simple one. It makes the lective, and provides that the elections in New

COMPTROLLER AND CORPORATION COUNSEL, der the present bill, is to take place on the secand Tuesday of next June. This bill took the demcrats completely by surprise. They had intended, o I am well informed, to hold a caucus as to how hey should vote if a bill legislating Mr. Green out of office was introduced. The decision was that bey would cast a solid vote in favor of any such III. The republicans got wind of this, and Mr. cake's bill, which also draws Delafield Smith to the tangle, is really intended to head off the

ork county for county officers shall be held in the

leake's bill, which also draws Delafield Smith into the tangle, is really intended to head off the democrats and independents. Any legislator with an ounce of common sense can divine the motive of the bill. It is nothing more than a job.

To warp green in Office, for by dragging Smith into the bill Green receives a strength that he never could have otherwise obtained. Mr. Leake is a new member, and of cenrse wants to make a name for himself. He has not been considered as important an item in the delegation from New York so far as he thinks he ought to nave been from the start, and this, no doubt, has reduced him to the condition of an ordinary growler. Did he really desire to make the Comptroller an elective officer he could have easily made his desire a law by not dragging into his bill the Corporation Counsel. The latter is a republican; the Comptroller is a democrat. The present Legislature being republican, of course Mr. Green would have little chance with it, who is a republican and a first class wirepubler, being in the same bill, will be of immense benefit to Green, and will be able, probably, aided, as he will be, by so-called newspaper lobbyists from New York, to smother it in committee, or, at a stretch, be defeat it on partisan grounds solely. There is, however, a bill in preparation by one of the leading democratic Senators which in the end will be substituted for this bill, and which makes the Comptroller alone an elective officer. This bill will not pass, as every member who has been spoken to on the subject declares that he will vote against its. The provision as to spring elections contained in Mr. Leake's bill will not pass, as every member who has been spoken to all the members of the lower.

GENER IS DOOMED.

I have poken to all the members of the lower House, and to every member but one of the Senate, as to the position of Green in New York, and of the 128 members in the Assembly I found but ten, and in the Senate two only, who expressed themselves anxious to retain him. Mr. Green, therefore, cannot be saved. In my opinion, by the bogus reform bill of Mr. Leake, which, while ostensibly doing what the people in New York want, only looks to a close corporation job, which no honest man can countenance.

## ASSEMBLY

ALBANY, N. Y., Jan. 22, 1874. This being general order day, the House, in Commarttee of the Whole, disposed of the following entitled bills as noted :-

To amend the Revised Statutes providing for the drawing of jurors. Ordered to a third reading. Authorising the Comptroller of New York city to issue bonds to pay bonds issued under the act of 2872. Ordered to a third reading.

Providing for distributing copies of the session laws to surrogates. Ordered to a third reading. Providing for additional compensation to town ssors in towns wherein there are over 10,000 pieces of property, allowing ten cents for each ad-

teonal work for assessors, who should therefor.

Mears Werd and Batcheller opposed the bill, the latter saying this additional work was for one year only; after that the assessors will only have to copy the assessment rolls. The first section of the bill was stricken out, thus destroying it. Progress was then reported.

To reimburse purchasers of land from the State to which the utile has failed. Ordered to a third

Appropriating \$200,000 to immediately continue the work of dressing grantee for the new Capitol

the work of dressing granite for the new Capitol building.

Mr. Phyllips moved to make it \$100,000.

Mr. Baychealler explained that the whole sum was necessary, and that it would be economy to put in use the whole sum.

Mr. C. S. Spricer also advocated the use of the whole sum and afford relief to the 400 workmen how idle and needing the work.

Mr. 47 millips withdrew the motion, and the bill was ordered to a third reading and then read and passed.

was ordered to a third results and the powers and passed.

Amending the act relative to the powers and duties of the Department of Public Parks in New York by transferring the powers and duties to the Common Council.

Mr. Daly explained and advocated the bill at some length. He said the object of the bill was to settle a question of jurisdiction. It would add no expenses, but would advord work to the unemployed in that great city who are now suffering so greatly for it.

mr. C. S. SPENCER wanted further time to look at

greatly for it.

Mr. C. S. SPENCER wanted further time to look at this bull, and moved that the committee report progress. Lost, and the bill was ordered to be reported to the House.

In the House Mr. ALVORD moved to recommit the bull, as he found it to be a very important measure, overturning as it did a system which had been adopted after much labor for carrying on the public works of New York.

Mr. Daly opposed the motion, insisting that the bull simply settled a question of insisting that the bull simply settled a question of insidiction. Those powers and duties are, by the charter, vested in the common Council, but not with sufficient clearness, and this was the reason the Mayor had vetoed a resolution of the Board. There is a doubt, and such a doubt as stands in the way of a great work involving the expenditure of \$2,000,000.

Mr. Lincoln thought the safety of the bill would be guaranteed by a postponement.

Mr. C. S. SPENCER deprecated haste in the matter, but thought the House was as well prepared to act upon this bill now as it would be at any stime; Banca the proposition.

Resides, when the bill came up for a unite reaching, the whole question could be reopened.

Mr. Batchiellers was as anxious to give work to men who desired it as any one, but he could not vote for a measure which he did not understand. He believed it to be a meritorious bill, still he wanted to examine it.

Mr. Coughille said the conflict was not between the Department of Public Works and the Common Council. It was the Department of Public Parks. The bill provided for simply defining who shall order the work done.

Mr. Dally said he would consent to have the bill recommitted with the understanding that it be made the special order for to-morrow morning.

On motion of Mr. Alvord the bill was then recommitted and made the special order for to-morrow morning.

Mr. Coughin presented a petition of taxpayers of the city of New York relative to the management of the Department of Docks in New York.

The petition sets forth that the Department of Docks having expended nearly \$0.00,000, thereby increasing the heavy indebtedness of the city without having accomplished any practical result, that an investigation be made into the affairs and management of said department with a view of abolishing or remodeling said department. It is signed by some of the most prominent citizens of New York.

signed by some of the most prominent citizens of New York.

BILLS ERPORTED.

By Mr. PRINCE—To regulate Coroners' fees; also requiring the publication of legal notices in the towns affected; also to prevent the incarceration of same persons in insane asylums.

By Mr. Biglin—To provide additional public baths in New York.

A bill to allow John George Milburn, an allen, to practise in our courts was called up. C. S. Speneer moved its recommitted to the Judiciary Committee. A long departs spring up, in which the pottey of granting citizens' rights to aliens was inly discussed.

Mr. Miller moved the recommittal of the bill, with instructions to draw up a general bill granting the same privilege to all aliens. Lost.

Mr. Spencer's motion was also lost. The bill was then rejected.

was then rejected.

Mr. Weed moved a reconsideration and that the motion he on the table. Carried.

Mr. When moved a reconsideration and that the motion he on the table. Carried.

BILLS INTRODUCED.

The following bills were introduced:—
By Mr. Leake—To amend the act providing for a local government for the city of New York. The effect of the bill is to legislate Comptroller Green and Corporation Counsel Smith out of office and provide for the election of new officers on the 18th of June next.

By Mr. Collahan—Providing for taking testimony by stenographers in the Brooklyn courts.

By Mr. Wagstaff—Amending the charter of the bay Side Transporting Company.

By Mr. North—To equalize the assessments for repairing Bediord avenue, Brooklyn; also to regulate the sale of the gas of the Equity Gas Company.

By Mr. Lawrence—Providing that no railroad company shall charge for transporting freight in the winter season more than twenty per cent over the summer prices, under a penalty of \$50 in each case.

On motion of Mr. Vedder it was ordered that the Committee on Privileges and Elections take testimony in the case of Martin T. Nachtmann and Jacob Messer, contesting the seat of George Scherman, in New York city, the witnesses all residing in that city. The committee will meet in New York at the Metropolitan Hotel on Saturday next, at ten O'clock A. M.

BETHERDA:—NATURB'S SPECIFIC—MORE MEDI
cal Testimony.—Dr. R. H. Moseley, a distinguished
physician, and a gentleman of high standing in Tallacega, Ala., writes:—I have practised medicine 35 years;
based blood about every hour day and night for three
years; have ocen treated by Drs. W. Stone, J. C. Nott,
y. Y. Key (all Professors of Medicine), and many other
physicians of less ability, aided by all I could do, with
but importary benefit, and after using your BETHERDA
for three months I am atmost a sound man, and believe
another barrel will accomplish that which medical science so wholly failed to do—that of curing the worst case
of cystitis on record. Yours truly, R. H. MOSELEY, M.
